CarKam GPS

For the road ahead

CP-AD-H2B-PW

CarKam GPS with Full HD Camera, Built-in Battery*, and G-sensor

CarKam GPS

Stay Always Protected Wherever the Road Leads

Introducing the CP PLUS CarKam GPS, a cutting-edge range of advanced dashcams designed to redefine on-road safety, security, and convenience. Crafted with precision and innovation, CarKam GPS stands at the forefront of automotive technology, offering drivers a comprehensive solution for capturing every moment on the road. Equipped with Full HD resolution, these dashcams ensure crystal-clear footage, delivering exceptional clarity that is essential for identifying license plates, road signs, and other crucial details.

2MP Resolution

G-Sensor

Supports Wi-Fi

Supports SD Card

In-Built GPS

H.265 Video Compression

Built-In Battery*

**Built-In Battery is only for emergency recording purposes.*

1080p Full HD Recording

Experience crystal-clear clarity on the road with our dashcam's 1080p Full HD recording, ensuring every detail is captured with stunning precision for enhanced visibility and peace of mind.

Built-In GPS (Logging)

Stay informed about your journey's every detail with GPS logging, allowing you to track your route, speed, and location with precision, providing valuable insights for navigation and security purposes.

Built in G-Sensor

Triggered by sudden changes in acceleration, deceleration, or impacts. When the CarKam GPS detects a significant impact, it automatically saves the recorded footage in a secure folder, securing it from loop-recording.

Time Lapse Recording*

During playback, the captured frames are played back at a much faster speed than they were recorded. This creates a fast-forwarded video file, allowing you to see a long period condensed into a shorter video.

Wi-Fi Support

Allows the CarKam GPS to pair with your smartphone wirelessly, without the need for an internet connection to help you operate it seamlessly with just a few clicks

Easy to Install

Streamlined installation and user-friendly design make mounting hassle-free. Intuitive CarKam GPS setups ensure quick and secure attachment, promoting accessibility and convenience for users.

CP-AD-H2B-PW (CarKam GPS)

Feature	Description
Video Frame Rate	1080P@30fps
DDR	512Mbit
Flash Memory	64Mbit
View Angle	H: 100.87°, V: 53.60°, D: 120.56°
Video Format	MP4
Video Encoding	H.265
WDR	Support
GPS	Support
G-Sensor	Support
Battery	240mAh Lithium Battery
Micro SD	Up to 16~512GB (Class10)

Feature	Description
Charger	5V/1.5A Type-C
Sound Recording	ON/OFF
Parking Mode*	Support
Time-lapse*	Support
Emergency Video	Automatic emergency recording, key videos will not be overwritten
